## **Work Experience**

---

### ***Intern***, Student Health Promotion

Indiana State University, Terre Haute, IN | January 2022 – May 2022

- Create student education programs about COVID-19 focused on health literacy, addressing misinformation, and safe socializing.
- Use Qualtrics and excel to collect and analyze data to understand the heart health needs of Indiana college students and contribute to research about heart health in the sexual and gender minority (SGM) population.

### ***Research Services and Support Graduate Assistant***, Office of Sponsored Programs

Indiana State University, Terre Haute, IN | August 2020 – May 2022

- Assist faculty and students in preparing their research proposals for the Institution Review Board (IRB) by completing pre-reviews of every application.
- Work closely with the IRB Chair to enhance the application process for principal investigators by revising and creating documents to be used as tools while applying to the IRB.

### ***Student Contact Tracer***, Dean of Students

Indiana State University, Terre Haute, IN | August 2020 – May 2022

- Decrease the spread of COVID-19 on Indiana State's campus by talking students through isolation, quarantine, and educating them about COVID-19.
- Create educational material that assisted with the training of new contact tracers, and created education information about COVID-19 so students can learn more about it and how to stay safe.

### ***Assistant Manager***, Hollister

Haute City Center Mall, Terre Haute, IN | May 2018 – August 2020

- Evaluate current business metrics and trends daily in conversion, units sold, products sold to develop plans that will increase these metrics in comparison to last year's sales.
- Build a training program for associates that inspires development within the company.

## **Volunteer Experience**

***No Waste COVID-19 Vaccine Clinic***, March 2021

- Recruit and schedule appointments for members of the community to get COVID-19 vaccines.

## **Awards**

***Outstanding Master of Public Health Graduate 2022***

- The Applied Health Sciences faculty at Indiana State University vote for one outstanding undergraduate student, one outstanding master's student, and one outstanding doctoral student every year based on academics and commitment to their program.
