

Wabash Valley NEIGHBORS *Helping* NEIGHBORS

Need a Hand? Want to Lend a Hand?

Everyone at one point or another needs a helping hand from a caring community member. Wabash Valley Neighbors Helping Neighbors is a new United Way initiative that **matches homeowners who have small fix-it projects with volunteers who have the skills and time to make the repairs.**

Homeowners can submit their repair or aid requests on an easy-to-use website, and volunteers can identify projects and sign up to complete them. Wabash Valley Neighbors Helping Neighbors aims to connect and empower people to care for each other by helping with simple projects in their home and lives.
