

ONLINE CAREER RESOURCES

All resources can be found at indianastate.edu/career-center

Handshake

This online database allows students to manage their career profile for employers to see, set appointments with career coaches, and sign up for workshops and events. Students can also search and apply for internship and jobs posted specifically for ISU students. To access Handshake, students must log into their MyISU portal or use the Handshake app.

Focus 2 Career is an online exploration tool that allows students to assess their career-relevant personal qualities and explore career fields and academic majors that are compatible with their assessment results. We recommend that you make an appointment with a career coach to discuss your assessment results.

Hiration is an AI-powered platform designed to support job seekers with their career development. It offers tools for résumé and cover letter building, LinkedIn profile optimization, and interview practice leveraging AI to provide feedback. Visit indstate.hiration.com/ and use your ISU email to get started!

Coursera is an online platform providing professional certificates and credentials designed for career advancement and personal growth. Our programs cater to students, staff, and faculty, offering in-demand skills across diverse fields like data science, IT, business, and humanities. Enjoy self-paced learning and earn valuable certificates to enhance your resume. Visit our website for full program details.

Parker Dewey is an online platform that connects students with Micro-Internships, which are short-term, paid, professional projects that help build skills and explore career paths. Opportunities are available year-round across a variety of industries and can often be completed remotely. These experiences allow you to gain real-world experience, expand your network, and strengthen your resume on a flexible schedule.

The Indiana Corporate Partnership (CICP) is committed to connecting students to career exploration, experiential learning, and employer opportunities through affiliated initiatives including Ascend Indiana, TechPoint, Conexus Indiana, BioCrossroads, AgriNovus Indiana, and Energy Systems Network. These key talent and industry sector initiatives address challenges and employment opportunities unique to each respective sector. For more information, see <https://www.cicpindiana.com/>.
